

Delivery Charges by Product Type

We have upgraded our deliveries to “1st Class Royal Mail Signed For” UK delivery service to offer quick and safe delivery of your orders. Royal Mail quote 1-2 days for this service and a signature is required on delivery. Prices also include contributions towards packaging costs.

If you order more than one item, we will weigh and measure your items so that we can offer you a combined post and packaging price.

If you require an express service, we can also offer you a price for this.
